The band of the 9th will attend. and we believe nearly all the ladies in the

Surely mouth pieces attached to long tubes can be constructed, which will enable cal works, and to a vareisty of other pulposes.
This Colony is indeed Cleverly drained very. No one can go into the drains unless they burst up with heavy rains, which they

LETTER TO THE EDITOR. To the Editor of the " Daily Press." DEAR SIE. - Can you inform me through the medium of your valuable columns why the Government of this Colony, allow the Chinese to have the exchange of the new coin put to 900 dush to a dollar? and also the ten ocat piece. reduced to 0 to a good dellar having published to be the borrect exchange to 1000 mileand 10; ten cents silver pieces to a dollar, I consider it to b an imposition on the poor classes who have to exin babit of doing such tricks but I see that in an English Colony under the very Law and such a free Law too, they are doing the worse. Ten cents to every dollar to the poor classes, I do believe i better than any speculation at present in this Volony with exception only to the Mining Company as I see in your last week's Paper. Now Mr. Kditer this is the one point and good one too, but there is another which is just as bud as the exchange of copper cash-I have been charged nearly double in Police rate I pay for the House in Changery Lane \$50 per month and have been oberged as I was paying \$80 or \$100 for what is this charge made i compat conceive, first, for in this part of the Colony

there is no policemen to be seen, particularly late-ly; the water pipe are not goue so far up, ab for ly, the water pipe are not gone so far up, as too Light, there are one only Lamp the whole length of that street, leadly nament allest is so dark that a shef may obtain whether it was a shef or some spirit of some of the process of some of the prison of some of the prison of spirit in the prison yarninght opesite this famous attention and other nontiguous descars are on progress—and other nontiguous descars are on progress now I find every morning right opesite my premises and all wong about a dozen dead o strewed along and at same time keep coming over the prison wall during the morning. They catch them, I believe a good many inside the rate payer that are to suffer such dangerous

article, and it lays there until it decompose or in the ordinance that the overpharged rate-payor has this duty to perform beside their Pocket?
And how would the Governor of the Prison like to have bull a dozen of those decomposed animal round his door ! And whose duty is to put But I have gone too far in your valuable time bope you will no doubt blow us little murey in doing your best to ascertable this feet and there
